QUEEN ALEXANDRIA AND ROYAL VISITORS IN LINE

Roosevelt Relieves King's Mind
by Deciding Delicate Matter
of Place in Procession

LONDON, May 17.—The body of King Edward was removed from Buckingham Palace to Westminster Abbey today. The procession resembled a great dress parade for the funeral pageant on next Friday. Eleven thousand picked troops lined the streets. Hundreds of thousands swarmed on the house tops and pavements. Roosevelt and the visiting monarchs did not appear in the cortege. Countless thousands viewed the coffin at Westminster, many of the people having formed in line last night.

The catafalque, covered with black and purple draperies and English flags, surmounted by a crown and scepter, left Buckingham Palace at 11:30, and arrived at Westminster at noon. Company after company of soldiers silently presented arms and dipped the colors as the gun carriages bearing the coffin rumbled over the pavement. No other sound was heard.

The Dowager Queen Alexandria, accompanied by her mother and the Dowager Empress of Russia, occupied the first carriage. King George and the members of the royal household followed.

The Archbishop of Canterbury and Canon Wilberforce, conducted a brief service in Westminster, where it is estimated a million and a quarter persons viewed the casket. The police issued warnings against pickpockets.

The decision of Czar Ferdinand of Bulgaria to attend the funeral brings the royal guest list to ten.

Roosevelt Was Tactful

LONDON, May 17.—Col. Roosevelt will ride in a carriage at King Edward's funeral next Friday. By settling this point he saved King George considerable embarrassment. The monarch's in the procession will be mounted on horses which will precede the carriages.

The question of Col. Roosevelt's position in the procession was causing much speculation as it was known the visiting monarchs demand the prerogatives of royal blood. Roosevelt made a popular move by not forcing King George to decide what was the proper position for the representative of a great nation not of royal blood, and not even connected officially with its government.

HYDE HAS LOST NO SLEEP OVER JURY'S VERDICT--IS COOL

KANSAS CITY, May 17.—The conviction of Dr. Hyde for the murder of Col. Thos. Swope apparently has caused the physician no loss of sleep. He awoke today in his cell in a cheerful mood and greeted several visitors. Mrs. Hyde issued a statement declaring that she has no doubt of her husband's innocence and that she will stand by him to the end.

KIRBY TELLS WHY HE GAVE WORLD HIS STORY

Says He Saw the Untruths
Ballinger Was Telling as to
Lawler Draft

CONSULTED HIS WIFE BEFORE HE TOOK THE STEP

Says Garfield Forbade Him to
Spy—Warned by Glavis' Fate
He Knew What to Expect

WASHINGTON, May 17.—Frederick M. Kirby, ex-stenographer of the Interior Department, who gave the statement concerning the preparation of the "Lawler memorandum," was called as a witness in the Ballinger investigation by Chairman Knute Nelson.

He testified that Lawler's statement was the only information ever issued which had been gained through his official position. He admitted his friendliness to ex-Secretary of the Interior Garfield. He declared that he did not want to tell what he knew, or come on the witness stand in the investigation for fear of losing his position.

"I knew what happened to Glavis," he said.

Kirby testified that he gave his statement to Robert F. Wilson of the Scripps-McLure papers and to the United Press.

"Do you know papers here represented by Wilson are hostile to Ballinger?" questioned Attorney Vertrees.

"I do not," was the reply.

After Chairman Nelson had interrupted the witness several times, Representative Graham asked him to permit Kirby to go ahead with his story.

Kirby testified that he attended the conference with ex-Secretary Garfield at Pinchot's home. He declared Garfield particularly asked him not to act as a spy. He said he saw Brandeis later the same night.

He knew Ballinger intended to discharge Director Newell from the reclamation service.

Kirby said that when he read Secretary Ballinger's denial of all specific knowledge of the Lawler draft, and saw that he had stated other untruths, he decided to make a public statement. He said this decision was reached after consulting with his wife.

While Senator Root cross-questioned Kirby, Attorney Brandeis frequently interrupted, protesting at the methods.

Kirby said that when he wrote the investigating committee that he had no copy of the Lawler memorandum it was technically true. He declared, however, he was "morally certain" there was a copy in the desk of Don M. Carr, Ballinger's secretary.

400 AT BOARD OF TRADE BANQUET IN PASADENA

PASADENA, May 17.—Enthusiasm, oratory and good fellowship marked the twenty-second annual banquet of the Board of Trade at the Hotel Maryland last night. Four hundred patriotic adopted sons of Southern California, including members of the local organization, citizens of Pasadena, residents of Los Angeles and many invited guests. Among the speakers were Dr. Matt S. Hughes, Dr. J. A. B. Scherer, C. D. Daggett, Dr. Walter Lindley and ex-Governor Alva Adams of Colorado.

GOVERNOR'S LIFE MENACED BY FIRE

Arizona's Biggest Hotel Burns
and Threatens Life of the
Head of State

PHOENIX, May 17.—Governor Sloan of Arizona, his wife and daughter and many other guests narrowly escaped death today when Hotel Adams, the largest hotel in the territory was partially destroyed by fire. The property loss is estimated at \$275,000.

The Adams was a four-story structure on Center and Adams streets, and was the property of J. C. Adams, ex-mayor and horseman. The fire started in a defective power switch in the basement. The insurance was \$81,000. The hotel will be rebuilt immediately.

There were many thrilling escapes among the guests. It is believed none perished.

MARTIAL LAW FOR ILASCO

Strikers Started Fires—Big
\$4,000,000 Plant is in
Danger

HANNIBAL, Mo., May 17.—Two companies of militia arrived at Ilasco, where 2100 employees of the Atlas Portland Cement Company are striking, early today. Gov. Hadley has been requested to declare the town under martial law, and close the saloons. Several were fired last night. The majority of the strikers are foreigners.

The present trouble is the outcome of a strike a year ago, when the foreigners made demands for higher wages. They have made no demands thus far, but simply cut work. American laborers are said to be in danger. The plant of the cement company is estimated to be worth \$4,000,000.

PROSECUTION IS SUDDENLY ENDED

Prosecutor Fails to Call Wit-
ness in Flannery Trial—Is
Captain a Victim?

SAN RAFAEL, May 17.—The prosecution's case in the Harry Flannery trial suddenly ended today. Attorney Boyd, prosecutor, failed to call the prosecuting witnesses he had summoned. The action caused much speculation.

Attorneys for the defense have stated that they will call Fremont Older, editor of the San Francisco Daily Bulletin, prominent in the recent graft prosecutions, and Attorney Isador Jacobs to prove that Flannery is the victim of a conspiracy to "railroad" him to the penitentiary.

OFFICERS NAMED FOR FEDERATION

Mrs. Maxwell, Director General;
Mrs. Cowles of Los Angeles for First Vice

CINCINNATI, May 17.—Mrs. Lawrence Maxwell of Cincinnati, was unanimously nominated as director-general of the Federation of Women's Clubs, in national convention here. The committee named Mrs. Philip N. Moore for re-election to the presidency, and Mrs. J. E. Cowles of Los Angeles was named for re-election as first vice president, with Mrs. J. B. Sherman of Chicago as second vice president.

Earth and Comet Meet Tomorrow

AERIAL VISITOR TO SWEEP US WITH TAIL

Coming Event Has Frightened
Many a Soul, But All Is
Well, Says Science

COMET TRANSITS SUN AT 7.30 TOMORROW EVENING

Earth's Passage Through Tail
Begins Early in Afternoon
and Lasts for Hours

PASADENA, May 17.—Prof. Geo. E. Hale gives specific information as to the great event of the meeting of earth and comet as follows:

Halley's comet will pass between the earth and the sun tomorrow, May 18, at 7:30 o'clock p.m., local time. Fifty minutes will be required for the transit of the nucleus of the comet across the face of the sun. The tail of the comet is directed away from the sun, so the earth will pass through it if the tail is long enough to equal the distance of the comet from the earth, which will then be about 15,000,000 miles. At present the distance is about 20,000,000 or 25,000,000 miles.

When the Tail Hits the Earth
The diameter of the comet's tail is estimated to be about 2,000,000, so it would require 10 or 12 hours for the earth to pass through the tail. It is thought that the earth will enter the tail early tomorrow afternoon and emerge at about midnight.

On May 20, the comet will likely be visible low in the western sky immediately after sunset. It will travel eastward and its brightness will probably decrease.

California Observations
When Halley's comet passes between the earth and the sun, tomorrow evening at 7:30, the savants of the Carnegie Institute on Mount Wilson, under the direction of Prof. Hale, will center their efforts to determine the electrical forces of the aerial wanderer. Delicate electrometers and other apparatus have been installed waiting the moment for observation. They will also endeavor to determine the chemical composition of the comet. Prof. Hale, who is the director of the Carnegie Observatory, does not agree with European scientists that the comet's progress will be followed by meteoric phenomena. The sky may be slightly illumined, he stated, but the luminosity will hardly be perceptible.

JOHNSON-JEFFRIES FIGHT STILL AFLOAT

SAN FRANCISCO, May 17.—That the Jeffries-Johnson fight will be held at Emeryville despite all protests and the report today that the privilege of using the Emeryville track had been withdrawn, was the statement today of Thomas H. Williams, president of the California Jockey Club. Williams stated the contract for the use of the track had been signed and all the protests in the world can not stop the fight.

DICK FERRIS WOULD TAKE THE BIG FIGHT

LOS ANGELES, May 17.—Dick Ferris, promoter of the recent Los Angeles Aviation meet, declared today that he will offer Rickard and Gleason \$200,000 to take the Jeffries-Johnson fight off their hands. If this is refused it is stated he is willing to work in conjunction with them to bring the fight to Los Angeles if ousted from Emeryville. He declared he would stage the fight at Arcadia or Vernon.

EMERYVILLE CUTS OUT THE BIG PRIZE FIGHT

SAN FRANCISCO, May 17.—The Johnson-Jeffries fight is not to occur at Emeryville, owing to the change of sentiment among the business men since the ministers began their crusade against the fight. Thomas H. Williams, president of the California Jockey Club, has withdrawn his support and has notified Tex Rickard to find another place for the fighters to meet.

Weather Forecast
Southern California: Fair tonight and Wednesday; light north wind.

What's to Occur When the Earth and Comet Bump

(By Harold Jacoby Rutherford,
Professor of Astronomy of Col-
umbia University.)

NEW YORK, May 17.—Will the comet injure the earth tomorrow night? I don't think so. Comets have struck the earth before and will continue to do so. There may be much solid matter in the comet's head, but it is very unlikely that this will approach closer than fourteen million miles.

The comet's tail is less dense than the air in the best vacuum we can make with a mercury air pump. Its molecules are separated by many cubic feet. There should be no fear of danger tomorrow.

Why Halley's Comet

The comet which is just now the center of attention of the whole world is called Halley's Comet, because Edmund Halley, an eminent English astronomer, identified it in 1705 as a comet which had previously been observed several times. He determined the period of its orbit and successfully predicted its return. This is the comet of 1835, 1758, 1682, 1607, 1531, 1456, and so on back to the first recorded observation before the time of Christ. It will next appear at the end of 1985.

UNITED PRESS HAS ADDED VALUABLE SOURCE OF NEWS

NEW YORK, May 17.—By signing a contract with the Independent Press Cable Company, Limited, of Australia, the United Press today added a valuable exclusive news source. The Australian company serves papers and thoroughly covers the entire antipodes.

(The United Press serves the Register and many other enterprising newspapers in Southern California.)

NORTH RESTS HIS CASE ON RECORDS

Immigration Commissioner is
Facing Charges Framed by
Exclusion League

WASHINGTON, May 17.—Hart H. North, immigration commissioner of San Francisco, who is here to defend himself against charges of misconduct in office, today filed his answer to the allegations in brief form.

"See the records. I rest my case on them," was his defense.

The San Francisco Asiatic Exclusion League filed charges that North admitted undesirable Hindus. He immediately came to Washington to fight the charges.

INSURANCE COMPANIES ARE LIKELY TO RESIST PAYMENT OF MRS. SKELLY'S POLICIES

That F. F. Skelly, charged with the murder of his wife, will not collect the insurance upon Mrs. Skelly's life without a hard fight, is conceded. It is said the insurance companies will not pay on the policies. Mrs. Skelly's life was insured for \$8000. This may be gone into at the preliminary examination to be held on Thursday of this week. However, on the other hand, nothing in regard to it was brought out at the coroner's inquest upon the body of Mrs. Skelly.

Of the \$8000, there is \$5000 in the North American Life Insurance Co., \$2000 in the Fraternal Brotherhood and \$1000 in the Foresters. One or two of the policies were made payable to the children.

A number of people have examined the premises at the Skelly home, where the charge of the prosecution is that Skelly threw gasoline upon his wife and set fire to it. A minute in-

ELECT ANGLE CHAIRMAN COUNTY BOARD

Clerk Instructed to Notify Gov-
ernor of Vacancy That
Exists

DRAINAGE DISTRICT PETITION IS FILED

Little Opposition to Organiza-
tion Proposed by Old New-
port Ranchers

George W. Angle, supervisor from the Fifth district, of Santa Ana was elected chairman of the Board of Supervisors this morning, to serve for the remainder of the term, which ends Jan. 1. Angle takes the place of D. A. MacMullen, who died on May 11. County Clerk Williams called the board to order this morning and announced the vacancy caused by Dr. MacMullen's death. He called for nominations for chairman. Supervisor Talbert nominated Supervisor Angle. Angle was elected by acclamation.

On taking the chair he said that he thanked the members of the board for the honor and the confidence displayed. He said he hoped to give the county an economical and prudent administration.

According to law, the clerk was instructed to notify the governor of the vacancy in the representation on the board, that the governor may appoint someone to fill the vacancy.

A communication from the Board of Supervisors of Los Angeles county with a demand for \$215 as Orange county's share for a new bridge put across Coyote creek, was referred to Supervisor Linebarger whose district the bridge touches.

The report of the viewers of the A. D. Taylor road in Talbert's district was set for hearing on June 8.

Bond Approved

The petition of Old Newport ranchers for the formation of the Newport Drainage District, comprising 3000 acres, was presented to the Board of Supervisors by Attorney J. H. Bell, and was continued to May 24 at 10 o'clock for further hearing. The district has but little opposition, there being but one or two who will come in with objections.

The \$300 bond required for the proceeding was given and approved this morning. The sureties are A. W. Johnson, D. W. Ellis and H. L. Wakeham.

Resolutions of Respect

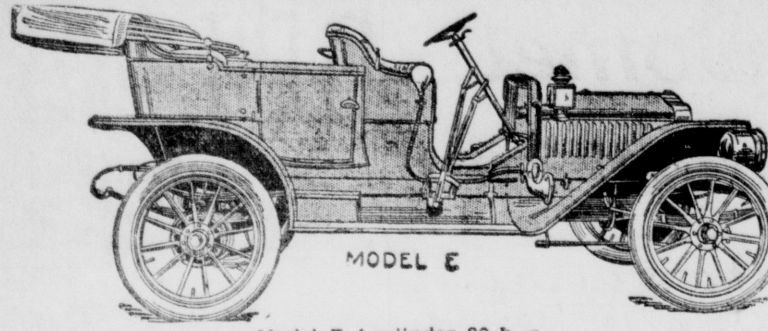

The board adopted the resolutions presented by the committee of three supervisors, D. S. Linebarger, T. B. Talbert and H. E. Smith, in respect for the memory of Dr. MacMullen. The committee's report adopted follows:

To George W. Angle, Chairman Pro Tem of the Board of Supervisors of Orange County, State of California.

Reo Four Cylinder
Note the graceful lines of the New 1910 Model

Control on left-hand side--Shaft drive
One of the smaller reasons—but a mighty good one—for choosing the Reo is that the driver's seat is on the left-hand side of the car. That's where it ought to be. You are driving along a street and want to stop somewhere. You don't want to turn around—besides, laws are constantly being passed compelling automobiles to stop at the right-hand curb. You don't want to climb over the levers and extra tire. You don't want to get out on the muddy side of the car. Neither does the other front-seat passenger. The left-hand drive avoids all this difficulty. Easy to get out—for both passenger and driver. Every detail of the Reo is thought out in this same careful way. Every cent counts for genuine service. Come let us show you the practical value of the left hand drive and the thoroughbred qualities of the Reo.

HIGH SCHOOL AND ITS ANNUAL PICNIC

Some of the Things Done at Laguna by Student Visitors Saturday

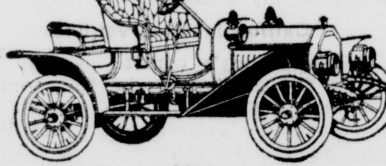

(Communicated)
After several years discontinuance, the annual high school picnic was again ushered into the school history last Saturday, and hereafter it is destined to occupy a prominent place among the many festivities and pleasures afforded a high school student. The number enjoying this most delightful occasion is estimated at 250, and according to the declaration of one inhabitant of the resort, "the ground was full of feet, and the air was full of yells." Only once a year does Laguna increase so materially in her temporary population; and had the census taker made his rounds at Laguna Saturday, he undoubtedly would have been compelled to telegraph Mr. Taft for aid in obtaining the necessary details. Laguna, however,

is to be congratulated because of such a large temporary increase in population, and possibly to be congratulated because it was temporary. But the close confines of Laguna could not hold such a delegation, which had so suddenly descended upon the town in the freshness of beauty and enthusiasm of youth. Arch Beach, the "Devil's Blow Hole," "Abalone Point," etc., were all attractive, and each contributed its part to the enjoyment of the day. The beautiful way in which nature has adorned Laguna renders its scenery the most ideal in the perfection of an attractive seaside resort. The combination of the mountains and the sea, the towering rocks, the surging billows, the craggy points, projecting cliffs, level strand, dashing breakers, which at night are radiant with the resplendent phosphorus elements, the splashing breakers as they rise upon the gigantic rocks, seemingly threatening to tear them from their secure position; the ocean's broad expanse as a foreground, and the rugged heights of the mountains as a background, presented a picture indeed worthy of representation upon the most beautiful canvas, drawn by the most skillful hand and the most appreciative and impulsive soul. "Nature indeed hath endowed her with many wonderful gifts."

CITY'S PLANS FOR SEWER DISTRICTS KNOCKED OUT IF LAW IS DEFECTIVE

NEW OUTFALL NEEDED AT ONCE CAN'T WAIT ON LEGISLATURE

Word From North May Cause Abandonment of Procedure—May Call On Bond Lawyers For Opinion

The plan of the city officials for districting the city and issuing sewer bonds by districts has received a body blow from which there seems to be little chance of recovery. The blow came in the nature of information from W. J. Locke of San Leandro, assistant secretary of the League of California Municipalities, that the law providing for the sewer districts is unsafe. At least, attorneys for a bond-buyer have so considered it.

After looking it over, the city attorney has come to the conclusion that the law is indeed rather obscure

and wabbly. But the city trustees consider the necessity of action in getting a new outfall to be so pressing that they are not ready to quit under the districting law unless they are thoroughly satisfied it will not hold. So the city attorney is to see what it will cost to get an opinion from an expert bond firm in Los Angeles.

The city's plan was to divide the city into twelve districts. One district, comprising the present sewer district, should pay for the new outfall, the other to pay for their own separate lateral systems.

Last night Attorney Heathman read Locke's letter, stating that Attorneys Goodfellow & Eells of San Francisco had turned down the bonds of Anselmo because the districting law is defective in that it is not clear who issues the bonds, the district or the city. The law probably will be amended at the next session of the legislature.

Heathman—"If we should get out bonds, I don't believe they would sell."

Harris—"It is unwise to proceed, then."

Thompson—"We cannot afford to delay our outfall until after the next legislature."

Reid, sewer superintendent—"We can't afford to delay. The outfall is up to capacity. We ought to vote bonds from the whole city, or even turn to the direct tax. Each 100 houses added means one inch constant added."

Thompson favored consulting the bond lawyers, Dillon & Hubbard, who have passed on all Santa Ana's bonds, to see if the law is in truth defective, it being possible that San Anselmo's bonds were turned down for some other reason. The matter is so important and pressing the city should pay the costs of getting the opinion.

McNaught moved that the city attorney write to the attorneys and see what the cost of getting an opinion will be. Carried.

Stout Addition
A map of the Stout addition, bounded by Sixth, Van Ness, Hickey and Ross, was accepted.

Street Superintendent
The ordinance regulating private work on streets, walks, curbs, etc., was passed for first reading. It leaves the issuing of permits to the street superintendent. Otherwise the ordinance was not changed from the

The Modesty of Women
Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If tick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Many stopover privileges, including the Grand Canyon.

Ask for Back East Excursion pamphlet in which are shown the dates and rates of the special meetings that will be held in the East this summer.

Would be pleased to send you our folders descriptive of a trip east.

F. T. SMITH, Agent.

Santa Fe

provisions first presented.

Started Again
For the fifth or sixth time, procedure has been started for paying West Fourth. The procedure begun last night calls for rock and oil macadam from Parton to Baker streets, thus not including the two blocks included in the procedure that was last abandoned.

Not in Favor of It
Trustee McNaught, police committee, said that he had talked over with the city marshal the petition for a special policeman on North Main street. He said they had concluded that the city has all the special policemen it can look after now. He said the people on North Main can get an officer in a few minutes by telephone. There have been no calls for one. Sometimes the special police are too officious, and the marshal is responsible for them.

Reservoir Site
Trustee Thompson suggested that it is time to fix the boundaries of the proposed reservoir on Olive street. The excavation there is from an old brickyard.

Water Superintendent Reid said that a reservoir 260 by 280 feet and 14 feet deep could be constructed, holding 7,500,000 gallons, with an additional excavation down about five feet. He advised not building closer than twenty feet to the property line. The board decided to visit the site this morning.

Road Oil Needed
Street Superintendent Ward said two carloads of oil is needed for application on Grand avenue and West Fifth street. He said both streets are cutting up badly. Bids were ordered advertised for road oil, one or more carloads. Three may be bought.

Waiting to Go Ahead
W. L. Grubb, one of those interested in the betterment of North Main street from the Southern Pacific to the north city limits, stated that the property owners are waiting for the P. E. tracks north of the bridge to be put in place in the center of the street; the S. P. has done nothing, and the Joy people have done nothing with their curb. Others have their curbs in. The property owners would like to see the city go ahead with the two railroads.

Heathman said the city could deal very well with the P. E. as under its franchise it would have to improve its portion of the street as the remainder of the street is improved. With the S. P. and its right-of-way across the street, it is different.

Street Superintendent Ward said the S. P. man told him his company would not sign up for cheap work. Grubb said the S. P. with a right-of-way of 100 feet should not be allowed to dictate what the remainder of the street wants.

The city attorney said he would write letters to the railroads again, and see if he can get a reply concerning the matter, which up to now he has failed in.

Visit the Ranch
City Attorney Heathman was given leave of absence to go to his ranch in the White River country, Riverside county. He will be gone several days.

River Channel
The trustees were asked to pay how much it wants for the land included in the Newbert Protection District river channel, which crosses the sewer farm. Nearly all of the land was deeded to the First Street Land & Improvement Co. for channel purposes.

Sewer Superintendent Reid said that in addition an acre or two is wanted at the lower end. He said that he thought it would mean the abandonment of the entire west side of the farm for sewer purposes.

The city attorney said he had not looked into the matter, but he thought the city would be assessed for its acreage in the protection district, he thinking city property not exempt from assessments though it is from ordinary taxes. He would look into the matter.

Trustee Harris said that if the city is assessed as all other property owners, the city ought to get as much for its right of way as any one.

The matter was left to Reid to investigate.

Not Together
A. W. Maguire said he wanted to know what was going to be done about straightening out a kink in Orange avenue at Bishop street. He said the putting in of a sidewalk awaited action.

Trustee McNaught said the matter was settled, the trustees thought, when he and Trustee McFadden told the property owners to go ahead. It was a fair proposition. All they had

SPECIAL PRICES

On Fine Embroideries

These special prices on embroideries will be continued the rest of this week, providing the material holds out. A great many of our patrons appreciated this money saving opportunity and took advantage of it. There is still a splendid assortment left for those who have not had time to come in. But we would advise you to buy as early as possible.

SPECIAL VALUE 10c

For your choice at the small cost of 10c per yard we are showing a large number of patterns in Swiss and cambric embroideries, most of them fresh from the looms. If you wish to make up some low priced undermuslins, this is your chance. Buy now while it is cheap and keep it; the material will not spoil or go out of style.

SPECIAL VALUE 15c

Some very pretty designs in finer Swisses and cambrics in both the solid and open patterns. There are probably 40 or 50 pieces to choose from, over half being fresh stock. The embroideries run from 3 to 10 inches wide. There are also some odd patterns of insertions in the lot in Swiss and cambric up to 4 inches in width.

SPECIAL VALUE 25c

This assortment includes some fine, sheer bodied, Swiss flouncings, up to 13 inches in width with pretty, new designs running from 5 1/2 to 7 inches deep. The edges are good, insuring good service for undermuslins. Also some wide, 16 inch muslin flouncings, and some wide embroideries in the lot.

Rankin Dry Goods Co.
107 WEST FOURTH 410 NORTH MAIN

On New Spring Suits

This is another money saving opportunity we are offering our patrons, an opportunity to get at a low price, a high class, stylish, serviceable suit that will last way into the fall. With a wash dress or two, a tailored suit completes your outfit for the rest of the spring and summer; for the jacket answers splendidly as a light weight coat for cool day wear.

OUR REGULAR STOCK

In colors is placed on sale for you to choose from. We do not buy cheap garments for special sale "talk." We are offering you our regular spring stock in all the leading shades of tans, blues, greens, browns, checks, plaids, etc., and black. In style, in fit, in finish, and in sheer value for the money, you will not find their superior. The suits go on sale.

AT 30 Per Cent DISCOUNT

from regular prices. This big discount applies to misses' suits as well as ladies'. If you stop to figure it out, you will find that it means quite a saving in outfitting expenses. This saving can be invested in other garments that you have been wishing to have, shirt waists, petticoats, etc.

HOW IT FIGURES OUT:

\$12.50 Suits	\$8.75	\$22.50 Suits	\$15.75
\$15.00 Suits	\$10.50	\$25.00 Suits	\$17.50
\$18.00 Suits	\$12.60	\$27.50 Suits	\$19.25
\$20.00 Suits	\$14.00	\$30.00 Suits	\$21.00

LOOKING FOR CANDIDATES

Democrats Want Men to Seek Assembly and Supervisor First District

Linebarger and Pixley Are Coming, is Word Passed Out at Conference

Committees from the Democrats are looking about for a candidate for assemblyman from this district and for a candidate for supervisor from the first district, comprising the wards of Santa Ana, the Fourth ward excepted.

An informal conference of Democrats from various parts of the county was held Saturday afternoon. It was reported that D. S. Linebarger would be a candidate for the Democratic nomination, that he had decided to again seek the office of supervisor from the north end of the county. It was also reported that D. C. Pixley or Orange would more than likely be a candidate for supervisor. This announcement was made almost authoritatively. Jasper Leck of Tustin is already in the field. On the west side there are three candidates. In fact, the Democrats were very well off for supervisory candidates everywhere but in the first district, Santa Ana. Ed Waite, Dr. Gordon and Chris McNeill were appointed a committee to look over the field and see if someone could not be found to run.

James S. Rice of Tustin has declined to run for assemblyman. There was no one in mind at the meeting Saturday, and a committee of five, consisting of W. T. Newland of Huntington Beach, J. D. Moore of Orange, W. L. G. Haskins of Tustin, H. C. Head of Santa Ana, and D. S. Linebarger of Fullerton, was appointed to do its best to rustle up a candidate for the assembly.

BE NOT AFRAID

Tomorrow is the date set by astronomers for the earth to pass through the tail of Halley's comet; but they cannot tell the exact time of the passage.

According to Director Campbell of Lick Observatory the comet was 7,000,000 miles from the earth this (Tuesday) morning; tomorrow (Wednesday) morning it will be only 2,000,000 miles distant; and tomorrow (Wednesday) evening the earth will be passing through the comet's tail. The present diameter of the tail at the point through which the earth will pass is a little over 1,000,000 miles. The two bodies will have a relative velocity of forty-three miles per second, and the time required for the passage, if present dimensions remain unchanged, will be six or seven hours.

Astronomer Altkin's observation on the positions of the head of the comet yesterday and this morning leave little doubt that the sun will have set for California observers before the head begins to transit the disc of the sun.

The tails of the comets usually lag behind the straight line drawn from the sun through the heads—for some comets but little and for others several degrees. The exact time that the earth will enter the tail is accordingly uncertain by several hours.

The consensus of scientific opinion is that no harm whatever will come to the earth from its passage through the comet's tail; but all agree that there may be unusual phenomena. If as some suggest, the shining of the sun through the head of the comet should cause queer sights to appear, those who are not forewarned and thus forearmed, may go wild and do desperate things. Especially should children be told of these things and then if there is a spectacular pyro-netic display they will be prepared for it. With the sun's rays filtering through such a medium it stands to reason that there will be a marked change in the appearance of the sky and also in the looks and colors of things around us. Those who are not accustomed to reflect upon the stability of the universe, and the constancy of its laws, will take alarm and possibly go besides themselves if anything peculiar happens, unless they are prepared and reassured.

What is most needed is a general understanding as to the possibilities from a scientific standpoint, reinforced with a fair amount of common sense. It is to be noticed that astronomers and scientists generally are undisturbed, but on the contrary, await the event with the liveliest anticipations, hoping thereby to acquire new facts as to the constitution of comets and the laws governing them. It will be a notable event with astronomers, for though this comet has been making its regular appearance in all the past in periods of about seventy-five years, we have never before been so well prepared to study it as now. Wonderful instruments have been invented since its last coming which are being constantly trained on it and will be brought into requisition when it gets into a position to eclipse the sun, which it will be on the 18th.

The comet's possible effects on the rays of the sun is the problem to be studied, and as it may cause a wierd effect, it is best for the susceptible to be on their guard that they may not become too much excited over it.

STREET PAVING

The City of Long Beach is in controversy with the Pacific Electric Railway over the kind of pavement the railroad shall lay between and alongside its tracks. The same ques-

tion is up in Los Angeles, and to some extent is and will be a matter of interest and importance in this city.

This ought not to be a difficult problem. The cities have their respective engineers and the railroads have theirs. The interests of the city and the railroad, in a matter of this kind—and in matters of most all kinds—are identical. Surely good engineers ought to be able to agree.

In Los Angeles expert knowledge is being sought, which seems the only reasonable course to pursue. It may not be best to require the railroads to conform in all cases to city paving. It is possible that the kind of paving that is best for a city street may not be the best when laid in connection with the ties and rails of a railroad. And yet good judgment would seem to indicate that the city should have a voice in determining what shall be placed in its streets. In cases where the railroads would put in something different than the paving used on the streets, the permission of the city council should be required.

THE LESSON OF THE EARTH-QUAKE

The recent horror at Cartago, Costa Rica, is another reminder of the instability of things terrestrial. San Francisco, Messina and Cartago, coming so close together in point of time, and yet so far apart geographically, make it certain that serious faults in the earth's crust, if by them the quakes are caused, or any other conditions that may lead up to these disturbances, are not confined to any particular region.

There are some lessons connected with earthquakes that it will pay us to con, because they carry us back to those first principles of society on which civilization is necessarily founded.

Generally stated it may be said that such disasters bring to the surface both the good and the bad in human nature that otherwise would lie dormant and unsuspected. Standing in the presence of an irresistible force against which it is impossible to contend, humanity instantly recognizes its impotence and discards its usual air of self-assurance. All the conventional forms of society are forgotten in the dire extremity of the occasion, and every one stands forth in his true colors. Each one appears for the time as he really is, revealed in his true mental and moral characteristics. The poltroon and the villain are unmasked, while heroism and uprightness are by contrast displayed in all their native grandeur. Pretense and subterfuge are of no avail and a general disillusionment takes place. Many of the pretentious become objects of scorn, and some who had been despised awake to find themselves famous. Such times of extremity show the weak points of society as it is organized, and demonstrate that its standards are false. They bring us back with a startling suddenness to the great realities. They are as so many judgment days wherein the souls of men are tried as by fire.

And there is another revelation that goes to show the impulses that govern the world at large. The stories of San Francisco and Messina are already familiar, and tell of a spontaneous outburst of sympathy that took practical shape in the form of help. The same tale is being repeated in the case of Cartago. The Costarican government, heedless of the danger of bankrupting its treasury, is pouring out the public funds in relief. Mexico, we are told, is contributing large sums to aid the victims, and contributions are going in from all directions.

A curious commentary on international relations as they exist today is furnished by the spectacle as described in the dispatches in the words, "Medicine and food from the American warships are being rushed from port Limon." These warships would

A FEW WORDS

to women about "Rub-Not." You know the back-breaking drudgery connected with the weekly family washday. If the advent of "Rub-Not" enables you to discard your washboard, get out your wash earlier, whiter and cleaner, without the physical exertion of rubbing, you ought and will appreciate it.

Once you try it—following directions closely—you will be convinced of its marvelous qualities. Absolutely harmless to skin or fabric. 8 washings 25c.

have joyfully battered down any Costarican town within their reach in time of war, but that would be at the behest of organized society. Now, however, organized society goes for naught except to furnish the means to relieve human need. Man as he is by nature and not by statutory law comes to the front. The engines of war become messengers of peace. Misfortune has made our distant fellowman our brother and for the time we are all of one family.

All such disasters have their compensations to the world at large in thus bringing into exercise and developing the best that is within us. The victims suffer vicariously by thus furnishing an occasion for the exercise of those graces the loss of which would be the greatest calamity of all. They also help us to realize the utter folly and wickedness of war as an expedient for the settlement of international difficulties. They show that there are no such difficulties that excuse us for cutting one another's throats. The lesson they bring to us is one of universal brotherhood. Let us take it to heart and "learn war no more."

The Political Watchtower

After a quiet, peaceful residence in Santa Ana, covering a period of twenty-four years, during which time he has voted the Democratic ticket straight, otherwise letting politics alone, R. S. Dickinson has "shed his caster" into the political arena by announcing that he is a candidate for the nomination for constable of Santa Ana township, subject to the decision of the Democratic voters at the primary election.

Mr. Dickinson is at the head of the Santa Ana Transfer Co., has been in the transfer business here for the past fourteen years, knows pretty nearly everybody in the city and counts his friends by legions.

A man so well known as R. S. Dickinson needs very little in the way of an introduction to the voters whose support he solicits. He has been successful in his business, has treated everyone fairly, and believes that if he is chosen for the office he seeks, he can fill the place to the entire satisfaction of all. His formal announcement card will be found in this and subsequent issues of the Register, from now on until after the primary.

NOTICE TO VOTERS

—Under the state law a new registration of voters has to be made every even numbered year. All voters must register prior to July 27th, 1910, and must have declared the political party with which they intend to affiliate (as provided in Sec. 1366 a, Political Code), who desire to vote at the Primary Election to be held August 16th, 1910.

If you do not so register and so state your party affiliation you cannot vote at this primary election at which all State and County Officers will be nominated.

Registration Clerks in Santa Ana are, George E. Robinson, and at the County Clerk's Office, and in adjacent precincts are as follows:

Name	Precinct
C. A. Leighton	Delhi
W. J. Harlin	Newport
C. H. King	San Joaquin
W. Smith	Tustin
A. W. Thompson	El Toro
J. N. Isach	Laguna
J. G. Parsons	Newhope
D. W. Spradlin	Bolsa
S. E. Chaffee	Garden Grove
W. D. Junkin	Garden Grove
B. Underwood	Garden Grove
C. W. McKeen	Garden Grove
A. G. Phelps	Westminster
George Abbott	Westminster
Robert McClintock	Westminster
D. W. McDannaid	Garden Grove
Ed. Mendelson	San Juan
W. A. Williams	County Clerk.

JOHNSON BEGINS TOUR OF SOUTH NEXT WEEK

LOS ANGELES, May 17.—Hiram W. Johnson, Lincoln-Roosevelt League candidate for the Republican nomination for governor, will arrive in Los Angeles next Sunday and will make a campaign tour of Southern California. He will be accompanied during the second week by W. D. Stephens, candidate for congressman. Lee C. Gates will be with him on a portion of his trip.

See our large stock of beautiful street and dress hats before buying. All trimmed hats at great reductions. The Misses Rutherford.

SAN BERDOO BEGINS HER CENTENNIAL DAY

SAN BERNARDINO, May 17.—This city took on a gala appearance yesterday in readiness for the big valley centennial celebration which started at noon today. Decorations were placed along Third street, which has assumed a festive appearance. The final touches were given in the morning and everything was in readiness by noon.

Over 100 Cocopah Indians reached here on a special Southern Pacific train from Mexico, having come to take part in the celebration.

THREE YEARS LITIGATION ENDED BY FLIP OF COIN

NEW YORK, May 17.—John W. Gates and John E. Madden, millionaires both, were reconciled yesterday after three years of litigation, the peace pact being brought about by the flip of a coin, the two agreeing to abide by that as to who would pay the cost of difference. Madden lost and the two shook hands and told the referee to consider the case settled.

FORMER LEGISLATOR FELL DEAD AT TABLE

LONG BEACH, May 17.—Thomas Edwards, formerly a member of the Colorado legislature, fell dead yesterday morning while seated at the breakfast table at his home on West Fourth street. Edwards was a native of England, and 71 years of age, and had lived seven years in Long Beach. He leaves a widow and one son.

LONG BEACH GETS MORE CITY FREE DELIVERY

LONG BEACH, May 17.—Postmaster Hirsch has received notice from the Postoffice Department that city free delivery, as recommended by inspectors, would be extended as soon as the citizens to be benefited install private mail boxes, as required by law. The new district is south of Tenth street and west of Termino avenue.

MISSION TOWN BASEBALL

SAN JUAN CAPISTRANO, May 16.—San Juan Capistrano's two crack baseball teams crossed bats Sunday. Both showed the effects of being up too late the night before, as the score shows. The White Sox won, 12 to 11. Sepulveda, their pitcher, did good work. Supelveda is an ex-State Leaguer, and has all the best pitchers can have. He will fight against the Filipinos of Santa Ana next Sunday.

The Earth's Dizzy Flight

The prospective passing of old Mother Earth through the tail of Halley's comet tomorrow, has given rise to many fears and forebodings, even among those who are not to be classed among the ignorant or superstitious. So we have welcomed with joy the reassurances of eminent scientists that no evil effects are to result from the journey of the globe through the filmy appendage of the comet, owing to the thinness of the atmosphere of the comet which Prof. Percival Lowell of Harvard College describes as follows:

"Halley's comet is the airiest approach to nothing set in the midst of naught."

So the faint hearted have plucked up courage and are regarding the meeting of earth and tail of comet as a marvelous event in world history but not as a momentous one in the sense of injury or fatality. There are even plans for comet parties, and throughout the world wherever the sky event is to be visible, there are social reunions, comet suppers and "such like." Why not? Even tho' the result of the celestial visitor's contact with the earth might be serious we might better smile than cry, and with the poet declare:

"Whatever sky's above me,
Here's a heart for any fate."

So let us take our flight through the celestial tail of famous Halley's comet with light hearts and smiling faces.

Farewell Dinner

Mr. and Mrs. Reuben Moyer entertained yesterday at dinner, Mr. and Mrs. William A. Venn and Alexander Graham, as they leave July 1 for an extended trip, making stops in Iowa, Oklahoma, Minnesota, Illinois, Massachusetts, New York and Canada.

Woman's Missionary Meeting

The Woman's Missionary Society of the Congregational church will meet in the church parlors Wednesday, May 18, at 2:30 p.m. Mrs. W. B. Tedford will have charge of the program, the subject being South America.

Mrs. J. S. Talcott will have charge of the social hour. Light refreshments will be served. All ladies of the congregation are invited, strangers especially.

"Cupid at Vassar"

Rehearsals are progressing satisfactorily for the play to be given for the Ebell club-house fund. The play, "Cupid at Vassar," affords opportunity for much lively action and society stunts. It will be given some time

Studied Spain

Travelers Section No. 2, of the Ebell Club met with Mrs. Chas. Ross Monday afternoon. The subject was Spain and bull fights. Mrs. C. W. Burns, the presiding officer, was not present, and Mrs. G. W. Wilcox filled the chair admirably.

Picnic at Newport Beach

A jolly time was spent at the seaside today, a party of merry young ladies enjoying all the allurements of bathing, boating, sleeping on the sands and a delectable picnic dinner. The girls, who went down on an early morning car for Newport Beach, were Misses Pauline Parsons, Marie Keeler, Carrie Yoch, Alice Norton, Helen Van Cartmell, Georgia Barnes, Ava Wells, Helen Eubank, Charlotte Friend of Los Angeles, and Mrs. Hanson.

Art Club Lecture Tonight

Artist A. Montgomery, the farmer-painter of Los Angeles, has an exhibit of fine paintings in the art room of the Santa Ana Book Store. Many art lovers have inspected them and have been delighted. These can be seen tomorrow.

Tonight Mr. Montgomery will address the Art Study Club at its closing meeting for the year. The reception, to which the club members have invited a number of friends, will be held at Elks Hall at 8 o'clock. A number of Mr. Montgomery's paintings will be on exhibit, which will doubtless prove the center of attraction during the informal reception to follow the lecture.

Music Section Meeting

The Music Section of the Ebell Society, at its meeting of yesterday, signified its choice of officers for the coming year by again naming those who have served during the present successful season: Mrs. H. G. Hull, curator, and Mrs. Fred Rafferty as secretary and treasurer. The elections of this section are always informal.

Plans were discussed for the annual reception to members and invited guests, that is to take place on June 7.

All \$1.25 sailor hats at 75c, all \$1.75 sailor hats at \$1.00. Beautiful line to select from. The Misses Rutherford.

MARRIAGE LICENSES

LEE-GORE—Herbert P. Lee, aged 29, of Santa Ana, and Mamie E. Gore, aged 35, of Riverside, on May 16, 1910.

HAVERSTOCK-HINGEN—Charles C. Haverstock, aged 25, and Cornelia M. Huzgen, aged 26, both of Los Angeles, on May 16, 1910.

GOLLUM-BROWN—Lionel E. Gollum, aged 26, and Myrtle M. Brown, aged 24, both of Los Angeles, on May 17, 1910.

DIED

PILCHER—In Santa Ana, May 16, 1910, Mrs. Elizabeth Pilcher, aged 63.

—Funeral at 10 a. m. Wednesday, May 18, 1910, from residence, 1042 West Third street.

Mrs. Pilcher was the mother of W. J. and Frank Pilcher, and Mrs. H. H. Ellis of Santa Ana, and Mrs. Lee Ellis of Fullerton.

PATEISHI—In Santa Ana, Monday, May 16, 1910, Zunzo Pateishi, aged 42 years.

Funeral from Smith's chapel, Wednesday, May 18, at 12 m.

CHAPMAN LUMBER CO. GETS A FINE AGENCY

The C. H. Chapman Lumber Company of this city, whose ad appears in another column of this paper, is to be congratulated on securing the agency for the sale of RIVERSIDE Portland Cement in Santa Ana and vicinity. This excellent cement is manufactured at Crestmore, about four miles from Riverside, Cal., at a large and modern cement mill, which has a capacity of three thousand barrels per day, and although the cement has been on the market only since the first of the year, it is giving such general satisfaction that the company is taxed to its utmost in filling orders.

The Los Angeles Aqueduct Commission are using Riverside Portland cement in their great work, and the engineers in charge speak highly of it. This cement is also being shipped via San Pedro to Honolulu, Old Mexico, Seattle, Tacoma and Portland, which also speaks for its good qualities.

How to Stop Drinking

—It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. Orrine is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly.

Write for free booklet on the Cure of Alcoholism to the Orrine Co., 782 Orrine Building, Washington, D. C. Mailed sealed. Orrine costs but \$1 per box. Sold in this city by Hervey & Parsons, corner Bush and Fourth streets.

A Safe Investment

—No investment can be more secure than one based on land holdings and houses in or near any good town of Southern California, where said lands and houses are partly paid for but title not to be passed until final payments are made. The Home Investment Company of Anaheim, has demonstrated the truth of that statement in its operations during the past year. During the week its offices have been busy passing over the counter the dividend checks into the hands of the fortunate men and women who saw their opportunity a year ago and invested in the stock of the company. A 6 per cent dividend and a good surplus in the treasury is the record of the Home Investment Company for its first year. What it will do in the second and subsequent years is something that cannot be definitely told, but the history of other similar companies in Southern California that began business with less prospects than the Home Investment Company and are now, after a few years, paying as high as 26 per cent dividends, justifies the assumption that this company will at least equal the record of the others. If you want a safe investment, one based on absolute values and absolute returns, drop in and see the Home Investment people at 113 Center street, Anaheim, or drop them a line. They are preparing to extend their work into the other towns of Orange county and you can make no mistake in buying a block of their stock. If the people of Santa Ana support the proposition as they should, there is no good reason why this city should not have at least a branch office of this company, and if Santa Ana investors during the next 60 days absorb a greater amount of the stock than any other town in the county, this company has promised to place its headquarters offices here, look into the matter carefully, and if you have \$10 or \$10,000 to invest, put it where it will earn you good returns and continue to increase in value.

Kodak Finishing

—Leave your Kodak work at White Cross Drug Store and Corbett will do the rest.

See the big line of new room size rugs which we have just received. The assortment of patterns and colors may include the very one you have been looking for. Horton-Spurgeon Furniture Co., Grand Opera House block.

THERMOS BOTTLES

Call and let us explain their uses.

Make your vacation a pleasure by taking one with you.

They are a camp life necessity.

They are a delight and a luxury for an auto trip.

This is the only place where you can get the genuine thermos bottle and where you can get broken fillers replaced.

We have various styles in both pints and quarts.

ELECT ANGLE CHAIRMAN OF THE COUNTY BOARD

(Continued from Page One)

Your committee appointed to draft resolutions to the memory of our beloved friend and chairman of this Board of Supervisors, D. A. MacMullen, submit this resolution, to-wit:

Whereas, Death has taken from his sphere of official usefulness the respected chairman of this board, Dr. D. A. MacMullen, who for over seven years performed his onerous and important duties with conspicuous fairness and ability; and,

Whereas, Dr. MacMullen, as an official, had ever and always in mind the best interest of the people of Orange county, and served them with marked ability by favoring at all times a conservative, economical and absolutely honest administration of public affairs; be it

Resolved, That we deplore his death and realize that by his taking away Orange county has lost a most valuable and efficient public official, and we, ourselves, a co-laborer whose loss will be deeply felt. Be it further

Resolved, That the clerk of this board be instructed to spread this resolutions upon the official minutes of this board, and send a copy of the same to the bereaved family.

(Signed)
D. S. LINEBARGER,
T. B. TALBERT,
H. E. SMITH.

MR. J. D. SEELEY OF SANTA ANA

Writes Letter Which May be of Great Interest to Skin Sufferers of This City

Santa Ana, Cal., June, 1909.

—I had a serious case of eczema. I tried several other kinds of medicine which had no effect but it kept growing worse until I tried D. D. D. and was cured in about three days with only one-fourth of a bottle.

J. D. SEELEY,

\$19 East Second St.

So many convincing statements, similar to the above, have been made to us privately by sufferers from aggravated skin diseases to whom we have sold the D. D. D. Prescription that we feel bound to give it our unqualified endorsement. By special arrangement with the D. D. D. Company we can furnish anyone who has not tried the remedy with a special size bottle for 25 cents. Wingood's Drug Store.

Declares Homestead

A declaration of homestead was recorded yesterday by D. W. Ware on the northeast quarter of the northeast quarter of the northeast quarter section 10, township 5 south, range 11 west.

Sold a Buick

The Orange City Garage has sold a Buick car, Model 10, toy tonneau, to M. Eltisti of Orange. Mr. Eltisti is the newly elected member of the Orange city council.

Asks Citizenship

John Edward Hajek of Huntington Beach has petitioned for final papers of citizenship. He was born in Bohemia in 1852 and came to America in 1867.

MID-MAY SNOW FELL IN COLORADO YESTERDAY

DENVER, Col., May 17.—The eastern slope of the Rocky Mountains from Northern Wyoming and Montana, well down into Colorado, was under the mantle of a mid-May snowstorm yesterday. In Northern Wyoming the temperatures of from 28 to 30 above prevailed with the storm, and there were freezing temperatures on the divide in Colorado, where the snowfall in some sections was exceptionally heavy.

At Corona, on the Moffat road, from 12 to 15 inches of snow fell Sunday night and yesterday. An inch or more fell at Denver, and some damage to trees resulted from the heavy wet snow.

See our large stock of beautiful street and dress hats before buying. All trimmed hats at great reductions. The Misses Rutherford.

Halley's Comet

Our Negligee Shirts are dividing attention of the Star gazers. It seems as though every man in this vicinity should know about the goodness of our shirts—we sell so many of them.

PIANOS

In selecting a piano great care should be taken to select one that has quality of tone. Quality of material used, and durability of construction. Our pianos are the result of deep study, skilled workmen and first-class material. The tone is brilliant and limpid, with a sympathetic quality that adds much to its beauty. We buy direct from the factories, have no middlemen's profits, enabling us to make you a closer price than any house in Orange county, considering the quality of the pianos. Come in and look them over.

H. W. Cozad, the reliable piano tuner, has had eighteen years' experience in the factories, and can take care of your pianos right. Leave orders with

Cozad Brothers

LOWER RATES ON INSURANCE

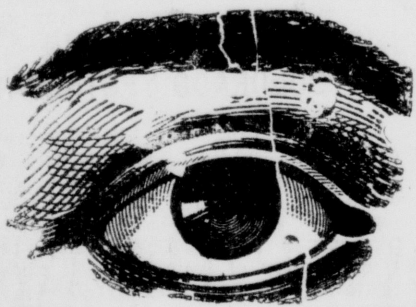

Dwellings Outside Cities Get
Dropped From Sixty to
Fifty Cents

Exposure Charges Go Away
Down—Beach Cottages
Will Receive Benefit

The Board of Underwriters of the Pacific has issued a circular letter of instructions reducing the fire insurance rates in this county on all dwellings outside city limits. Exposure charges have also been reduced to less than half what they have been. Los Angeles, Ventura, Riverside and Orange counties are included.

The rate on dwellings outside city limits is reduced from sixty cents to fifty cents. In the city of Santa Ana the rate is forty cents, which is the lowest of any city in Southern California outside of Los Angeles.

The reduction of the exposure charges will be good news to owners of close-together beach cottages, as well as others.

Made to Order Glasses

There is a vast difference between "hand me downs" and made to order glasses. We make each pair to fit the eyes and the face of the wearer.

DR. WILCOX EYESIGHT SPECIALIST

Whole Corn, per 100 ...\$1.85
Heavy Bran, per ton ...\$22.00
Light Bran, per ton ...\$31.00

BANNER MILLS

J. A. NELSON, Prop.
307-309 French St. Phone Red 83

Hitherto 100 feet has been the rule for an exposure charge. Now it is sixty feet. Other regulations in regard to exposure have been so changed that the charges are considered reduced to less than half.

Catarrh Can Quickly be Cured

A bottle of Hyomei, a hard rubber pocket inhaler, that will last a lifetime, and simple instructions for curing catarrh make a Hyomei outfit.

Into the inhaler you pour a few drops of magical Hyomei (pronounce it High-o-me).

This is absorbed by the antiseptic gauze within and now you are ready to breathe it over the germ infested membrane where it will speedily begin its work of killing catarrh germs. Hyomei is made of Australian eucalyptol combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds, or money back. It cleans out a stuffed up head in a few minutes.

Sold by druggists everywhere, and by the Rowley Drug Co. Complete outfit \$1.00. And remember that extra bottles if afterwards needed cost only 50 cents. Breathe it, that's all.

To break up cold in head or chest in a few minutes, pour a teaspoonful of Hyomei into a bowl of boiling water, cover head and bowl with towel and breathe the vapor.

DELINQUENT NOTICE

Santa Ana Easter Lilly Company. Location of principal place of business, Santa Ana, California.

Notice

There is delinquent upon the following described stock, on account of assessment No. 2 levied on the 12th day of March, 1910, the several amounts set opposite the names of the respective shareholders, as follows:

Name	No. of Certificate shares	No. of Amount
E. A. Metcalfe	17 162½	\$162.50

And in accordance with law and an order of the Board of Directors made on the 12th day of March, 1910, so many shares of each parcel of such stock as may be necessary will be sold at public auction at the office of the company No. 203½ East Fourth street, Santa Ana, California, on Monday the 30th day of May 1910, at the hour of 3 o'clock p. m. of said day to pay said delinquent assessment thereon, together with cost of advertising and expenses of sale.

J. M. RAUGH, Secretary.
Office, No. 203 East Fourth street, Santa Ana, California.

Notice for Bids

The trustees of the Fullerton Union High School invite contractors and builders to offer bids for the construction of a Polytechnic building on the grounds of the high school in Fullerton. Plans and specifications may be secured in the office of the principal of the High School, Delbert Brunton. The board reserves the right to reject any and all bids. The bids will be opened Wednesday, June 1st, at 2 p. m.

All bids must be accompanied with a certified check for 5 per cent of the amount of the bid.

DELBERT BRUNTON,
Secretary to the Board.

The Kansas Tin Shop Resumes Business

This corner has been very much neglected during the past few weeks while we've been wrestling with the komit, but havin' got the thing almost past the world we have concluded to let her slide and take care of herself, while we return to the Kansas Tin Shop and do some more writin' and make some more tin cans till she returns.

It is quite a singular coincidence that trade has been so very good while we were attending to the komit's bisis.

We don't quite understand it, but we suppose it was because everybody knew that the komit was being properly attended to and they all attended to their regular business, which has been, since our last report, buying stoves and hardware, tin cans, and so forth.

We suppose that some folks don't no why the komit is called "she" and we are not entirely satisfied ourselves, but the majority opinion is that it is because she has such a big headpiece, however, on further investigation we may change our mind several times before she comes back.

Notwithstanding the big sales we have made while the komit was comin' and while we were steering it by the Kansas Tin Shop, we have lots of things left and we want to sell them just as bad as ever.

We have lots of irrigating pipe and gasoline tanks. Come and see

S. HILL & SON

THE WAY OUT of a SOCIAL DILEMMA

GETTING a fourth hand for "bridge" is only one of a thousand social uses of the Telephone, and Telephone Service promotes sociability and good fellowship because it brings neighbors closer together. Your friends all live within talking distance.

It is the same with your out of town friends—the universal service of the Bell System makes them your neighbors, too. Your voice can reach all by means of the Bell Long Distance Service.

LOS ANGELES PRODUCE MARKET

Indio is making a name for itself on the Los Angeles market for the early arrival of fruit from that particular district. For three or four days, figs—the black variety—have been arriving in regular fig box sizes. Yesterday there were as many as 10 boxes received. They brought \$2.50 per box and sold well at that high figure.

San Joaquin Valley shipped the first apricots in lug boxes. They have been arriving in four basket crates from Imperial Valley for two weeks past, but the real season only opens with the lug box sizes. Receipts of these totaled about 30 boxes, which sold at \$2 per box.

There has been considerable complaint against the manner in which the Wells-Fargo & Company agents and their assistants are handling cherries. Being very ripe, many of the cherries when arriving here are badly squashed and juicy, merely because the express handlers have tossed them about without the slightest care. The price on cherries yesterday was up to 12 cents a pound again owing to the fact that not more than 400 boxes were received.

The price on eggs was unchanged, the best locals selling at 28 cents. Eastern eggs continue scarce and the market very firm. There were a few small sales of coast eggs. Receipts were only 256 cases over Saturday and Sunday.

Butter arrivals were 36,725 pounds. The price of butter advanced to 30 cents on creamery extra, jobbing figures in all parts of the country. It is not expected that the higher prices will prevail long.

Local potatoes are selling in San Francisco at 55 cents a lug box. Shipments are all made by the lug box even though an entire car be shipped. Prices here were down to 40 cents per lug. Receipts were very small, less than 25 sacks.

Cheese prices were very firm and northern fresh was advanced to 17 cents flat. There were a few good sales at 16 before the higher quotations were announced. Oregon daisy cheese sold very well. Gillroy cheese is in preference when full cream variety is considered.

Beans are moving sluggishly. Pinks were up to \$6.75 yesterday morning, which is within 25 cents of the record price ever paid for pinks.

Cucumbers of the very best quality are down to \$1.50 per dozen. Cabbage sold from 75 cents a basket up. Tomatoes brought \$1.40 to \$1.50.

Mackerel were the fish in best demand for fancy table use. Barracuda and halibut were plentiful. Northern fish arriving were salmon and shad in preponderance.

Notice of Sale of Bonds.

—Notice is hereby given that the directors of Newbert Protection District, in the County of Orange, State of California, have declared their intention to sell, on June 7th, 1910, at 3 o'clock p. m., bonds of said Newbert Protection District in the amount of \$92,500.00, being 250 bonds of said district, for \$370.00 each, of series and numbers following:

First Series: Thirteen bonds, numbered 1 to 13, inclusive, payable January 1st, 1919.

Second Series: Fifteen bonds, numbered 16 to 30, inclusive, payable January 1st, 1920.

Third Series: Seventeen bonds, numbered 31 to 47, inclusive, payable January 1st, 1921.

Fourth Series: Twenty bonds, numbered 48 to 67, inclusive, payable January 1st, 1922.

Fifth Series: Twenty-three bonds, numbered 68 to 90, inclusive, payable January 1st, 1923.

Sixth Series: Twenty-five bonds, numbered 91 to 115, inclusive, payable January 1st, 1924.

Seventh Series: Twenty-seven bonds, numbered 116 to 142, inclusive, payable January 1st, 1925.

Eighth Series: Thirty-three bonds, numbered 143 to 175, inclusive, payable January 1st, 1926.

Ninth Series: Thirty-seven bonds, numbered 176 to 212, inclusive, payable January 1st, 1927.

Tenth Series: Forty bonds, numbered 213 to 252, inclusive, payable January 1st, 1928.

All of which bonds were ordered issued by said board of directors at a meeting held by them September 3rd, 1907, in accordance with an election held in said district on the 24th day of August, 1907.

Said bonds are dated October 1st, 1907, and draw interest at the rate of six per cent per annum, payable semi-annually, on the 1st day of January and 1st day of July of each year. The principal and interest of said bonds are payable in gold coin of the United States, at the office of the County Treasurer of Orange County, at the Court House, in the City of Santa Ana, County of Orange, State of California.

Notice is hereby given that sealed proposals for the purchase of any or all of said bonds will be received by said Board of Directors at their office in Room 1 of the Commercial Bank Building, in the City of Santa Ana, County of Orange, State of California, till the 7th day of June, 1910, at 3 o'clock p. m., when and where said bonds will be sold.

The directors reserve the right to reject any and all bids.

THE OXYGENATOR

Simply, - Safely, - Surely, - Speedily Restores to Health

Regardless of Kind of Disease, its Severity, Duration or Failure of Previous Systems of Treatment. It Lasts Forever, Without Loss of Force and Without Further Cost Than Its Purchase Price. Natural and Ideal for the Rich or the Poor it is, indeed, a

A ROYAL ROAD TO HEALTH

RHEUMATISM
Rheumatism is poisonous waste—uric acid crystals—clogging in the delicate nerve tissues. These impurities cannot be gotten at with poisonous drugs or surface liniment. Oxygenate the blood and let it dissolve and wash them away to the kidneys for elimination.

CONSTIPATION
Constipation is simply waste matter in the colon and weakened intestinal muscles. Irritating drugs always work havoc in the end. Give the blood life with oxygen. It will wash out the colon, relieve the congestion, and establish a vigorous circulation.

STOMACH
When your stomach is out of order, call red blood to its aid. It will make it churn more vigorously and stimulate the gastric juices. A supply of oxygenated blood to the stomach almost immediately drives off the gases and cures indigestion.

NERVOUS TROUBLE
Your nerves "fly to pieces," are irritable, cause headaches and brain fog, because they need the tingling, thrilling pulse of red oxygenated blood to relieve them of the nerve toxins—poisons—with which they are infested.

COLDS, CATARRH, ETC.
These troubles are due to sluggish circulation of weak blood, which allows festering secretions and dripping pus to collect in the head cavities and throat faster than they can be removed. Red oxygenated blood is the cure.

LUNGS
When you have plenty of vital, pure blood flowing into all the little cells of the lungs, they are well. Hence the value of fresh air, because it keeps the blood pure with its oxygen. The same oxygen can be obtained with the Oxygenator.

THE APPEARANCE OF THE OXYGENATOR DOES NOT BETRAY OR EVEN SUGGEST ITS WONDERFUL MERIT

THE OXYGENATOR CHARGES THE BLOOD WITH OXYGEN
Red, pure blood is the supreme, sustaining, vitalizing element in the body. When the blood is red and full of life, it goes rushing and rippling from the tips of the fingers to the ends of the toes. Attacking the small, waste, poisonous odds and ends that are always accumulating in the body, it washes them away as the spring rain removes the refuse of winter.

To be thus red and alive, to be thus actively distributing health and vigor, the blood must be plentifully supplied with that life-giving element—Oxygen.

If you are to be well, your blood must have oxygen. Any honest doctor will tell you it cannot be given as a drug or medicine. The only successful method ever discovered of oxygenating the blood is the Oxygenator. The minute it is put in operation, the body becomes at once a strong attractor for the free oxygen which abounds in the air about us. Drawn into the body through the 3,000,000 pores of the skin, the blood is fairly charged with oxygen. Impurities are burned up, clogged tissues flushed out, and every part of the body given a thorough cleaning until complete health and vigor is the result.

In thousands of cases, health has been restored to those afflicted with all manner of disease. Many had been declared incurable. You can convince yourself of the reality of these cures by writing us for our monthly magazine "The Searchlight" which always contains the records of a number of the latest cases. We will also send you our beautiful 72 page book in colors—"Oxyphaty" which fully explains all about the Oxygenator.

Send for it today. Or better still, call at our office so that we can talk over your ailment with you in person.

The Oxygenator is in use almost everywhere—East, West, North and South. It has cured and is curing people of all manner of ailments. Hundreds of people in Santa Ana and Orange county have been and are being cured by it and will verify every claim we make. Why will you continue to suffer when the Oxygenator is sold upon such easy terms that no one need remain in ill health? Why not investigate today?

CAT BIT HIM ON LEFT HAND

To Make Certain, Head of the Dead Animal to be Examined for Rabies

J. F. Kinley of 802 G street was severely bitten and scratched by a cat yesterday. His left hand was badly lacerated.

The cat has never been much of a pet. He had always been likely to turn and bite or scratch anyone who attempted to pet him. Recently this

tendency in the cat became more pronounced, and Kinley decided to kill him.

Yesterday Kinley caught the cat with the expectation of ending his life. The cat suddenly began to fight, and before Kinley realized it his left hand was bitten and scratched.

Since the cat has been prone to bite, it is thought the cat was acting "natural," and was not suffering from rabies in any form. However, owing to the fact that a few cases of rabies have been shown to exist in this county, it was decided to have the head of the cat examined by Dr. Stanley P. Black of Pasadena, who has been making practically all of the rabies tests in this end of the state. Accordingly City Health Officer Clark sent the head of the cat to Los Angeles this morning. So far, no case of rabies has been found among cats in this county.

MACMULLEN ESTATE VALUED AT \$18,000

Widow is to Hold It In Trust for Ten Years When Division Is to be Made

The will of Dr. D. A. MacMullen, for seven years chairman of the Board of Supervisors, was filed for probate this morning by Attorney W. M. Brown of Orange. The petitioner for letters is the widow, Mrs. Nanette H. MacMullen. The will was written by Dr. MacMullen on May 11, 1908, just two years before his death. The will provides that Mrs. MacMullen shall hold the estate in trust for ten years and at the end of that time the estate shall go half to her, one-fourth to Dr.

MacMullen's son, Gustave, and one-half to Dr. MacMullen's step-daughter, Mrs. Elizabeth M. Nelson of Detroit, Mich.

The petition places the value of the estate at about \$18,000, of which \$10,000 is the ranch at Olive, \$5000 an interest in El Tovar Rancho and \$1500 in bank stock.

WHAT A WOMAN WILL NOT DO
—There is nothing a woman would not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine or Lane's Tea is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists' and dealers,' 25c.

—\$20 reward for the return of an Irish Setter dog. Reddish brown in color. Ears, tail and legs clipped. Disappeared from home on May 10, wearing a leather collar. Owner will pay \$5 for evidence of death of dog. W. L. Grubb, North Main. Home 600.

MOON ECLIPSE TO BRIGHTEN COMET

Best View of Heavenly Vagabond Will be After 9 p. m. of May 23

SAN FRANCISCO, May 17.—Halley's comet now practically has disappeared in the morning sky, and today Professor T. J. J. See, government astronomer at Mare Island, issued the following statement in regard to the reappearance of the comet in the West just after sunset, following the earth's passage through the tail of the comet on May 18:

On May 19 the comet's head will set twenty-one minutes after sunset; on May 20 the interval will be length-

ened to one hour and seventeen minutes; on May 21, two hours and nineteen minutes; on May 22, three hours and nine minutes, and on May 23, three hours and forty-six minutes.

To Move Eastward
Thus the comet will move rapidly eastward from the sun and ought to be visible in the western sky after May 20. The upper end of the tail may be visible on May 19, but as the moon is then nearly full it is doubtful if it can be seen in the strong moonlight.

The head of the comet probably will be brightest May 20, but the strong moonlight will cut down the light of the tail, and this difficulty will exist each evening until May 23, when a total eclipse of the moon will occur and enable us to see both head and tail of the comet in a dark sky for an interval of fifty-one minutes. It is during the eclipse that we may expect to get the best views of the comet and everyone should be on the watch for both the eclipse and the comet.

The important elements of this total eclipse of the moon are as follows:

Beginning the totality May 23, 9:09 Pacific standard time.
Middle of eclipse May 23, 9:34.3 Pacific standard time.
Total eclipse ends May 23, 9:56.6 Pacific standard time.

Total Eclipse
Thus, from a little after 9 to 10 o'clock the moon will be in total eclipse and the comet will show both head and full tail above the horizon. On May 23 the sun sets at about 7:20 o'clock in the latitude of San Francisco, and as the comet follows the sun by three hours and forty-six minutes, the head will not set on this date till about 11 o'clock in the evening.

Accordingly, from 8:30 till 10:30 o'clock p.m., when the moon will be nearly covered by the earth's shadow in space, in the evening of Monday, May 23, everyone should watch for the eclipse and the comet, as both will be visible at a seasonable hour of the night. It may be a long time before we again see two such wonderful sights.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

All \$1.25 sailor hats at 75c, all \$1.75 sailor hats at \$1.00. Beautiful line to select from. The Misses Rutherford.

Who Will Get the Piano?

Quite a number are working hard and you had better get in to line or you will get left.

Our piano certificates in 5 and 10 cent denomination are running low, and we would like very much if those holding a number of them would call and exchange them for certificates of larger denomination.
